

THE VISIBILITY CODES

VISIBILITY ACTION PLAN

Connection Edition

Turn your result into
one clear next move.

KATRINA KAVVALOS

Your result is Connection.

Your assessment suggests that your biggest gap right now is connection. This means the right people may not know you well enough, think of you often enough or have enough reason to remember you when opportunities arise. You may have talent and credibility, but visibility grows faster when it is supported by real relationships and strategic proximity.

This Action Plan is designed to help you move from unseen to connected.

By the end of this Action Plan, you will:

1.

Identify the people, rooms and relationships that matter most.

2.

Use ChatGPT to create a realistic connection strategy and follow up rhythm.

3.

Clarify how to add value, start conversations and stay top of mind.

4.

Create one clear connection activation plan.

IMPORTANT

Connection does not mean random networking. It means becoming more visible and valuable to the right people, consistently and genuinely.

Use AI as a connection strategist.

When you are trying to build the right relationships, it can be hard to know who matters, how to begin and what kind of follow up will feel natural. To make this easier, I have included an AI ChatGPT prompt. It will help you identify who to focus on, how to build genuine connection and how to stay top of mind without sounding forced.

How to use it

- ◇ Replace [AREA] with the area in which you want stronger connection, for example your business, career, personal brand, speaking or creative work.
- ◇ Copy and paste both prompt sections into ChatGPT as one continuous prompt.
- ◇ Answer honestly about your current network, confidence, visibility, relationship habits and the opportunities you want.
- ◇ If the advice feels generic, ask AI to make it more specific to your real industry, style and strengths.
- ◇ Choose a strategy that feels genuine and sustainable, not one that feels pushy or transactional.
- ◇ Keep refining until your connection plan feels clear, practical and aligned.
- ◇ Save the final one page summary and use it to complete the worksheets in this Action Plan.

Useful replies if the conversation feels too broad or superficial

- ◇ "Which people should matter most if I want this specific opportunity?"
- ◇ "Give me more natural ways to build connection without pitching."
- ◇ "What could I do to add value before asking for anything?"
- ◇ "Turn that into a simple weekly relationship building plan."

AI connection prompt

Copy and paste both coloured sections into ChatGPT as one continuous prompt. Before you press Enter, replace [AREA] with the area in which you want stronger connection.

SECTION 1 OF 2, COPY THIS INTO CHATGPT

Act as my strategic relationship and visibility connection coach. Help me identify who I need to become visible to in [AREA], how to build genuine strategic relationships, and what actions will help me become more top of mind with the right people.

Begin by asking which area I want stronger connection in, what opportunity I want connection to create, and what kinds of people I need to know or be known by.

Ask me one thoughtful question at a time. Wait for my answer before asking the next question. Use each answer to ask sharper follow up questions. Challenge vague, superficial or transactional answers. Help me think in terms of genuine relationship building, relevance and value.

Do not invent contacts, introductions, affiliations, access or social proof. Use only what I tell you. Keep asking until you understand my goals, industry, current network, comfort level, strengths, relationship gaps and desired opportunities, and I confirm that your summary feels accurate.

Explore these areas:

1. The opportunity I want stronger connection to create.
2. The people, decision makers, connectors, peers and communities relevant to that opportunity.
3. Where those people gather, online and offline.
4. What I already have in common with them, and where there may be natural points of connection.
5. My strengths in conversation, value creation, support, insight, visibility or follow up.
6. What currently stops me from building or maintaining relationships.
7. The relationships I already have that could be deepened.
8. The kinds of people I need more proximity to.
9. Ways I could support, contribute to or meaningfully engage with the right people without pitching.
10. What proof, positioning or public presence would help others take me more seriously.
11. What follow up rhythm would help me stay top of mind.
12. One networking or connection habit I could maintain consistently.

When you have enough information, give me a concise summary of what you have heard and ask me to correct anything that is inaccurate.

AI connection prompt, continued

Continue copying from the previous page. Paste both sections together into ChatGPT before pressing Enter.

SECTION 2 OF 2, CONTINUE COPYING

After I confirm the summary, give me three possible connection strategies. For each strategy, explain who I should focus on, where to connect, why it fits, what kind of relationship building it involves, the likely opportunities it could create, the main risk and the minimum effort required to sustain it.

Then recommend the connection strategy that appears strongest, and explain your reasoning clearly.

Create the following for the recommended connection strategy:

1. My Connection Focus Statement.
2. My top five people or categories of people to prioritise.
3. The rooms, platforms or communities where I should show up more often.
4. Three natural ways I can add value or start conversations.
5. A simple follow up rhythm to stay top of mind.
6. Three message starters or outreach examples.
7. One visibility or profile improvement that supports connection.
8. One relationship building habit I should maintain weekly.
9. One specific practical action I can take next.
10. A one week connection plan.

End by asking what feels realistic, what feels wrong and what still feels unclear. Continue refining the connection strategy with me until I say, **THIS IS THE CONNECTION PLAN I WANT.**

When I say **FINALISE MY CONNECTION PLAN**, give me a clean one page summary of the final strategy and my next three actions.

Do not press Enter until both sections have been pasted together.
