

THE VISIBILITY CODES

VISIBILITY ACTION PLAN

Opportunity Edition

Turn your result into
one clear next move.

KATRINA KAVVALOS

Your result is Opportunity.

Your assessment suggests that your biggest gap right now is opportunity. This means you may be visible in some ways, but not yet converting that visibility into the openings, invitations, introductions or decisions you want. You may have talent and momentum, but opportunities become more likely when you know exactly what you want and build evidence, visibility and proximity around it.

This Action Plan is designed to help you move from wanting opportunities to creating them.

By the end of this Action Plan, you will:

1.

Identify the exact opportunity you want to pursue.

2.

Use ChatGPT to clarify what proof, positioning and people are required.

3.

Build a simple opportunity strategy and next move plan.

4.

Create one clear opportunity activation plan.

IMPORTANT

Opportunity is not luck. It becomes more likely when you get clear, visible and prepared for the outcome you want.

Use AI as an opportunity strategist.

When you want more opportunities, it can be hard to decide what to pursue first, what proof is missing and what move matters most. To make this easier, I have included an AI ChatGPT prompt. It will help you identify the right opportunity, uncover what it requires and turn it into a practical action plan.

How to use it

- ◇ Replace [AREA] with the area in which you want more opportunity, for example your business, career, speaking, creative work or personal brand.
- ◇ Copy and paste both prompt sections into ChatGPT as one continuous prompt.
- ◇ Answer honestly about what you want, what you have already built and what still feels missing.
- ◇ If the advice feels broad, ask AI to make it more specific to the opportunity you actually want.
- ◇ Choose an opportunity focus that feels real, relevant and worth pursuing.
- ◇ Keep refining until the plan feels clear, practical and energising.
- ◇ Save the final one page summary and use it to complete the worksheets in this Action Plan.

Useful replies if the conversation feels too broad or uncertain

- ◇ "Which opportunity would create the most meaningful momentum for me right now?"
- ◇ "What proof or asset is most important if I want that opportunity?"
- ◇ "Who specifically would need to know me for this to become more likely?"
- ◇ "Turn that into a simple one week opportunity plan."

AI opportunity prompt

Copy and paste both coloured sections into ChatGPT as one continuous prompt. Before you press Enter, replace [AREA] with the area in which you want more opportunity.

SECTION 1 OF 2, COPY THIS INTO CHATGPT

Act as my strategic visibility and opportunity creation coach. Help me identify the opportunity I should pursue in [AREA], what proof and positioning it requires, who needs to know me, and what practical steps will help me move from intention to opportunity.

Begin by asking which area I want more opportunity in, what type of opportunity I most want, and what currently feels out of reach.

Ask me one thoughtful question at a time. Wait for my answer before asking the next question. Use each answer to ask sharper follow up questions. Challenge vague, fantasy-based or overly broad answers. Help me get specific.

Do not invent credentials, access, market demand, relationships, results or opportunities. Use only what I tell you. Keep asking until you understand my strengths, goals, current visibility, evidence, desired opportunity and the gaps between where I am and what I want, and I confirm that your summary feels accurate.

Explore these areas:

1. The specific opportunity I want to create or be chosen for.
2. Why that opportunity matters to me and what it could unlock.
3. The people, organisations or decision makers connected to that opportunity.
4. The positioning, experience or reputation they would need to see in me.
5. The proof I already have, including results, media, testimonials, case studies, audience response, expertise or lived experience.
6. The proof, asset or experience I still need to build or make visible.
7. The rooms, platforms or pathways where this opportunity is likely to emerge.
8. The actions I have already taken, and where I have been passive or hesitant.
9. The biggest gap stopping the opportunity from becoming more likely.
10. The kind of visibility, content or communication that would move me closer.
11. The next practical steps that would make me more opportunity ready.
12. One opportunity creation habit I could maintain consistently.

When you have enough information, give me a concise summary of what you have heard and ask me to correct anything that is inaccurate.

AI opportunity prompt, continued

Continue copying from the previous page. Paste both sections together into ChatGPT before pressing Enter.

SECTION 2 OF 2, CONTINUE COPYING

After I confirm the summary, give me three possible opportunity strategies. For each strategy, explain the opportunity focus, why it fits, who needs to know me, the proof it requires, the likely benefit, the main risk and the first practical move.

Then recommend the opportunity strategy that appears strongest, and explain your reasoning clearly.

Create the following for the recommended opportunity strategy:

1. My Opportunity Focus Statement.
2. The exact opportunity I am now pursuing.
3. The people, organisations or decision makers connected to it.
4. The proof I already have.
5. The proof or asset I still need to create.
6. One positioning or profile improvement that supports this opportunity.
7. Three practical steps that would move me closer.
8. One relationship or proximity move I should make.
9. One specific practical action I can take next.
10. A one week opportunity activation plan.

End by asking what feels realistic, what feels wrong and what still feels unclear. Continue refining the opportunity strategy with me until I say, **THIS IS THE OPPORTUNITY PLAN I WANT.**

When I say **FINALISE MY OPPORTUNITY PLAN**, give me a clean one page summary of the final strategy and my next three actions.

Do not press Enter until both sections have been pasted together.

Your opportunity strategy

Use what you uncovered through reflection and AI conversation to decide which opportunity matters most, what it requires and what will make it more likely.

1. WHAT IS THE EXACT OPPORTUNITY I AM NOW PURSUING?

2. WHO IS CONNECTED TO THIS OPPORTUNITY?

3. WHAT PROOF OR ASSET DO I ALREADY HAVE, AND WHAT IS MISSING?

4. WHAT THREE MOVES WOULD MAKE THIS OPPORTUNITY MORE LIKELY?

MY OPPORTUNITY FOCUS STATEMENT

I am now pursuing _____

The people connected to it are _____

The next thing I most need is _____
